Subject: Non-Federal TSD Facilities

Paul,

We are looking to inspect non-federal (dedicated or commercial) TSD facilities for our remaining FY14 fiscal year. If DTSC could identify up to 10 TSD facilities, not including Exide, for us to inspect that would be greatly appreciated. We may carry over some of the TSD inspection targets provided by DTSC into our FY15 fiscal year.

Regarding Exide, as stated in a prior e-mail, my management may request that our section inspect this facility in conjunction with a Region 9 Air Enf. Section inspection. As you have requested, we will closely coordinate any inspection of Exide with DTSC. This close coordination will not be limited to the Exide facility, but any TSD facility inspection we perform within CA.

If you have any questions concerning this request, please do not hesitate to contact me or Doug.

Thank you in advance for your help with this request.

regards,

John
